

AQ 200

CE200

Hands-free protective housing for Class 200 instruments.

Current / Voltage Input Cables

PVC cable, length 2 m. Measuring range :

- from 0 to 2500 mV
- from 0 to 10 V
- from 0 to 4/20 mA

Ammeter Clamps

Accuracy : 1% of the scale.

Available measurement ranges : 0-20A, 0-50A, 0-100A, 0-200A, 0-600A

Telescopic Extension

Telescopic bent extension to 90°

Length 1 m, compatible with all measurement probes.

 [Information and technical data sheet](#)

Data Logger-10

Datalogger-10 operating system for portable instruments.
Wire (LPCF) or wireless (LPCR) interface.
